Rep. Jaun Ciscomani Endorsed The Default Bill As Being “In The Best Interest Of Our Country” And Claimed It “Does Not, In Any Way, Cut Social Security, Medicare, Or Veteran Benefits.” “House Republicans have stepped up and offered a plan – the only concrete one on the table. While the bill may not be perfect, it’s a solid foundation for a starting point and I supported it. However, make no mistake, this bill does not, in any way, cut Social Security, Medicare, or veteran benefits – otherwise, I would not have supported it. The false and dishonest narrative suggesting it does undermines the work being done to move forward in the best interest of our country.” [Ciscomani.House.gov, [04/27/23](#)]
