**After Voting To Back Republicans' Reconciliation Package, Sen. Lisa Murkowski (R-AK) Told *The Independent* That There Is "A Whole New Crisis" After Republicans Did Not Change Cuts To Medicaid**

**And Supplemental Food Assistance (SNAP).** "Asked by The Independent Thursday about her keen hope that the House of Representatives would fix what troubled her about the bill she voted to pass — which extends the 2017 tax cuts that Trump signed while also significantly slashing welfare programs like Medicaid and forcing states to shoulder more of the Supplemental Nutrition Assistance Program (SNAP), formerly known as food stamps — Murkowski bristled. 'Yeah, and they didn't do it,' she said of the House's unchanged passage of the bill in time for Trump to sign it into law on July 4. When pressed about it, Murkowski sniped back, 'You know what happened today? A whole new crisis.' [The Independent, [07/10/25](#)]

She didn't elaborate on what that new crisis might be. 'That's it, she snapped. 'You got one.' And then she walked away from the gaggle. [...] She insisted she wasn't pleased with the final bill, despite voting yes and creating a 50-50 tie that Vice President J.D. Vance was able to break, rationalizing that the House might make final changes before ratifying it and sending it to the White House for Trump's signature." [The Independent, [07/10/25](#)]

Jul 1, 2025 | News, Press Releases

Washington, D.C. — U.S. Senator Ted Budd (R-N.C.) released the following statement after voting in support of President Trump's One Big Beautiful Bill Act, historic legislation that lowers taxes for families, makes America safer and more secure, and unleashes economic growth for the future:

*"I voted in favor of the One Big Beautiful Bill Act because the people of North Carolina deserve more of their hard-earned wages, a more secure border, a reinvigorated military, responsible spending reforms for government programs, and a thriving economy. My colleagues and I fought successfully to protect North Carolina's tobacco growers to help them stay competitive with China. I am also grateful that this bill included my PELL Act, which will help Americans earn in-demand credentials for rewarding careers. July 5, 2025 | In The News

Times Leader 

WILKES-BARRE — When U.S. Rep. Rob Bresnahan Jr. voted on President Donald Trump's One Big Beautiful Bill, it was his 180th day in Congress.

The freshman Congressman said it was a whirlwind week as the House of Representatives had to review and discuss changes made to the bill by the U.S. Senate.

"The people of my district won't get the investment and resources they need if their representative is not in the room fighting for them every day," said Bresnahan, R-Dallas Township. "As a small business owner, I learned how to fight and negotiate, and in Washington, I've used those skills to go to bat for my neighbors and the community I love. It is a tough fight that I am proud to do every day for our home."

Bresnahan said he was one of the last holdouts on the bill, but finally cast a "yea" vote after receiving answers to his questions and certain assurances from Republican leadership.

### **Medicaid/health care**

Bresnahan said the legislation protects health care access in rural communities through the Rural Transformation Fund.

"I met with President Trump, Vice President Vance, CMS Administrator Dr. Oz, and other Administration staff to make sure that this fund would apply to our hospitals in NEPA," he said. "This \$50 billion fund is going to deliver investments directly into hospitals across Northeastern Pennsylvania."

Bresnahan said that help will be available as early as the beginning of next year, and he said he is looking forward to working to get that money to NEPA hospitals.

He also said the Medicaid reforms included in the package are a win for those who truly depend on these benefits.

**Bresnahan Also Defended Cuts To Supplemental Food Assistance And Claimed That The Bill Includes "Incentive-Based, Benefit Cost Share Structure[s]" That Will Help "Those Who Are Most Vulnerable And Actually Need It":**

## SNAP

Bresnahan said, “We must ensure SNAP is preserved for our neighbors, families and the most vulnerable who actually need this support, not misdirected due to administrative failure.”

He said this package incentivizes states to control costs, enhance efficiencies and improve outcomes for SNAP recipients, ensuring SNAP will be able to be utilized long into the future by those who are most vulnerable and actually need it — our neighbors, friends and families in need.

“I pushed for an incentive-based, benefit cost share structure that included a path to zero percent cost share throughout the process,” Bresnahan said. “Every state, including Pennsylvania, has a clear path to a zero percent benefit cost share if they maintain a payment error rate below 6%. That’s achievable, and that’s what we’re working toward.”

**The Real Estate And Housing Development Industry Was Largely Seen As A Winner Of The Republican Reconciliation Package After It Permanently Extended "Opportunity Zones" And A "Bonus Depreciation" That Allows Property Firms To Deduct 100% Of Property-Improvement Expenses.** "The bill preserves and expands existing tax breaks for commercial real-estate investors and developers. Among them is 'bonus depreciation,' a feature of the 2017 tax cuts, which will allow property firms to deduct 100% of many property-improvement expenses. The bill also makes investments in tax-deferred 'Opportunity Zones' for real-estate developments a permanent part of the tax code and maintains a 2017 tax deduction for pass-through entities, such as LLCs, that are widely used to own and manage commercial real estate." ARLINGTON, Va. | July 3, 2025 - Statement from the National Apartment Association's (NAA) Greg Brown, Senior Vice President, Government Affairs, on important housing-related tax provisions included in the final federal reconciliation package:

"Housing affordability remains one of the defining issues of our time. Across communities nationwide, longstanding housing challenges demand action by lawmakers – and this year, that opportunity included federal tax policy. NAA applauds lawmakers in Congress for prioritizing solutions in the reconciliation package that will help boost supply, ease affordability challenges and protect the long-term viability of the nation's rental housing infrastructure."

On May 22, 2025, Rep. Jen Kiggans (R-VA) Defended Her First Vote To Back Republicans' Reconciliation Package, Defending Medicaid Cuts Claiming That "The Bill Does Not Cut Medicaid" For Those Who Most Need It:

# Putting People First: Why I Voted Yes on the “Big Beautiful Bill”

May 22, 2025 Uncategorized

Last November, Americans voted for change—and this bill delivers that change. It reflects the priorities of the 119th Congress: reducing the size of government, cutting wasteful spending, and protecting tax relief for working families.

Despite the fearmongering and misinformation from the other side of the aisle, House Republicans have been transparent about our goals:

- Make the 2017 Trump tax cuts permanent to prevent a 22% tax hike for families
- Secure the border by hiring thousands of new border patrol agents and finishing the wall
- Strengthen and reform government programs like Medicaid and SNAP by reducing waste, fraud, and abuse, and initiating work requirements for able-bodied adults without dependents.

Let's be clear: this bill does not cut Medicaid for children, seniors, people with disabilities, foster youth, or those battling addiction. Instead, it protects healthcare for the people who need it the most. Today, roughly 25% of Medicaid spending goes to non-disabled, working-age adults—with no requirement to work, volunteer, or pursue job training. This bill begins to change that

## Rep. Jen Kiggans Votes “Yes” On Landmark Legislation

Jul 03, 2025  Economy  Press Uncategorized

**WASHINGTON, D.C.** — Today, Congresswoman Jen Kiggans (VA-02) released the following statement regarding the One Big Beautiful Bill Act:

“Today I cast my vote in favor of H.R. 1, the One Big Beautiful Bill Act (OBBBA).

It's important to acknowledge that no legislation of this magnitude is perfect. My vote reflects a pragmatic assessment that the sum total of this bill will benefit Coastal Virginia and America.

[Rep. Jen Kiggans, [07/03/25](#)]

**Kiggans Again Asserted That The Bill Does Not Include Cuts To Medicaid, Again Claiming It Protects Those Who Need It And That 25% Of Medicaid Spending Is Wasteful:**

Let's be clear: this bill does not cut Medicaid for children, seniors, people with disabilities, foster youth, or those battling addiction. Instead, it protects healthcare for the people who need it the most. Today, roughly 25% of Medicaid spending goes to non-disabled, working-age adults—with no requirement to work, volunteer, or pursue job training. This bill begins to change that

**In May And July 2025, Rep. Young Kim (R-CA) Defended Her Votes To Pass The One Big Beautiful Betrayal By Touting Her Ability To Secure A 300% Increase In The SALT Deduction, Praising Industry Groups, Including The U.S. Chamber Of Commerce, Which Pushed Congress To Permanently Extend The Pass-Through Deduction.**

**In May 2025, Rep. Young Kim (R-CA) Was One Of The Deciding Votes To Originally Send The Big Beautiful Betrayal To The Senate, Touting Her Ability To Receive A 300% Increase To The SALT Deduction In Order To Gain Her Vote.**

**On May 22, 2025, Rep. Young Kim (R-CA) Was One Of The Deciding Votes To Originally Send The One Big Beautiful Betrayal To The Senate, Helping To Pass It By A Narrow 215-214 Vote.** "Early this morning, Rep. Young Kim (CA-40) cast the deciding vote to advance Donald Trump's massive budget reconciliation package that would endanger California resident's clean air and water, fast-track reckless oil and gas leasing and development, and raise costs on working families—all to give more tax cuts and handouts to billionaires and corporate polluters. With Kim's vote the bill passed 215-214 and now heads to the United States Senate." [Sierra Club, [05/22/25](#)]

**Kim Defended Her Vote On The Basis She Helped To Secure Language That Raised The SALT Deduction Cap By 300%.** "Washington, DC – Today, U.S. Representative Young Kim (CA-40) voted in favor of H.R. 1, which takes historic steps to uplift working families and small businesses, get our country back on the right fiscal track, and streamline and strengthen our federal government to better serve the American people." [Rep. Young Kim, [05/22/25](#)]

- **Kim Also Touted Her Position As Co-Chair Of The SALT Caucus.** "Rep. Kim, who serves as Republican co-chair of the State and Local Tax (SALT) Caucus, secured a 300% increase in the cap on SALT deductions, allowing hardworking California families to keep more money in their pockets and providing vital relief for her constituents hurt by the current \$10,000 SALT cap." [Rep. Young Kim, [05/22/25](#)]

**Following The Final Passage Of The Republican Reconciliation Package, Rep. Kim Claimed The Bill Would "Strengthen Medicaid And SNAP," And Touted Two Industry Groups, Including The U.S. Chamber Of Commerce, Which Pushed Congress To Extend The Pass-Through Deduction.**

**Rep. Kim Claimed The Bill Would "Strengthen Medicaid And SNAP" And That She Would "Wor[k] To Get Our Country Back On The Right Track."** "This bill takes important steps to ensure federal dollars are used as effectively as possible and to strengthen Medicaid and SNAP for our most vulnerable citizens who truly need it. I will keep working to get our country back on the right track and protect the American dream for future generations," she continued." [Rep. Young Kim, [07/03/25](#)]

**Rep. Kim Touted Industry Groups Including NFIB - National Federation Of Independent Business And The U.S. Chamber Of Commerce Which Pushed Congress To Extend The Pass-Through Deduction:**

"Over the last seven years, the 20% Small Business Tax Deduction has helped America's small businesses grow and hire," said NFIB California State Director John Kabateck. "Rep. Young Kim understands the importance of the Small Business Deduction and has been a leading voice in Congress to make it permanent."

According to the [U.S. Chamber of Commerce](#), nearly 25,000 small and pass-through businesses across Rep. Kim's district will see an increase of approximately \$21,906,300 in their qualified business income deduction through the bill's passage.

- **Although Industry Claims The Pass-Through Deduction Largely Benefitted Small Businesses, A June 2024 Report From The Center For American Progress (CAP) Found It Largely Benefitted The Wealthy, As Tax Filers Making Over \$500,000 (Top 1.5%) Claimed More Than Half Of All Pass-Through Deductions In 2021, Despite Making Up Only 6% Of All Returns With The Deduction:**

### **The wealthy received the majority of the benefits of the pass-through deduction**

The benefits of the pass-through deduction heavily skewed toward the wealthy. Tax filers with adjusted gross incomes (AGI) of \$500,000 or more in 2021—the top 1.5 percent of filers—claimed more than half of all pass-through deductions, despite accounting for just 6 percent of all returns with the deduction.

Moreover, wealthy filers claimed substantially larger average deductions—\$1,024,246 for those with AGI of \$10 million or more. By contrast, filers with AGI below \$100,000 with the deduction—who accounted for 51 percent of claimants—claimed, on average, \$1,997. (see Figure 1)

## Rep. Rob Wittman (R-VA)

**Rep. Rob Wittman (R-VA) Voted Both Times To Back The Republicans' Reconciliation Package, Claiming Cuts To Medicaid Wouldn't Impact Vulnerable Populations, Later Joining The U.S. Chamber Of Commerce After Its Passage For A Roundtable On The Bills' Benefits For Businesses.**

**In May 2025, Rep. Rob Wittman (R-VA) Defended His First Vote For The Big Beautiful Betrayal Claiming That Vulnerable Populations Would Not Lose Access To Medicaid, Boasting It Would Help "Moderniz[e] Our Military."**

On May 23, 2025, Rep. Rob Wittman (R-VA) Told Virginia Public Media That He Voted In Favor Of The Republicans' Reconciliation Package Claiming Cuts To Medicaid Would Not Impact Vulnerable People. "The US House of Representatives narrowly voted 215–214 to pass legislation that puts restrictions on who will be eligible for Medicaid coverage. Republican Rep. Rob Wittman (1st District) voted in support of the bill, promising that it protects vulnerable people and ensures the government-funded insurance program will be sustainable for people who are in need in the future." [VPM, [05/23/25](#)]

Wittman Also Said That As A Member Of The Armed Services Committee, A Lot Of Money Would Go To "Modernizing Our Military," Claiming Taxes On Families Would Have Increased Without Action. "The same too, with making sure that we provide sustainability for this nation's energy. I'm on the Armed Services Committee, so making sure we're modernizing our military in face of the threats that we have, that our working families continue to enjoy the lower tax rates. Because if not, the average family in Virginia's 1st Congressional District would see a \$2,300 increase in their federal tax bill if we didn't pass it." [VPM, [05/23/25](#)]

**Wittman Also Voted To Support The Bill In July 2025, Later Meeting With The U.S. Chamber Of Commerce That Hosted A Roundtable With Wittman.**

In July 2025, Wittman Doubled-Down, Voting Again To Back The Republican Reconciliation Package. [Rep. Rob Wittman, [07/03/25](#)]

In July 2025, Wittman Even Met With The U.S. Chamber Of Commerce Who Applauded Him For Joining A Roundtable On How The Reconciliation Package Would Help Businesses:

**MECHANICSVILLE, VA** – The U.S. Chamber of Commerce recently hosted U.S. Representative Rob Wittman (R-VA-01) for a roundtable discussion in Mechanicsville, Virginia with local business leaders on the pro-growth business tax provisions in President Trump's One Big Beautiful Bill Act, which was signed into law on July 4th. This forward-looking, pro-growth policy is vital to maintaining America's prosperity and competitive edge and will create new opportunities for American workers and businesses to thrive.

We applaud Congressman Wittman for working to ensure that the constituents of the First District of Virginia continue to benefit from long-term tax relief, fostering growth for workers and businesses across his district and beyond.

**The Pharmaceutical Industry Was Seen As A Large Winner After The Republican Reconciliation Package Included Measures That Would Exempt More Prescription Drugs From The Medicare Price Negotiation Program And A "Sought-After Tax Break For Research And Development Costs."** "The pharmaceutical industry notched two solid policy wins in the Senate-passed megabill, but the biggest victory for drugmakers is the absence of a dreaded most-favored-nation policy, pharmaceutical lobbyists say. The reconciliation package included measures that would exempt more drugs from Medicare drug-price negotiations — specifically medicines that treat multiple rare diseases — as well as a sought-after tax break for research and development costs." **According To Its Website, The Pharmaceutical Research And Manufacturers Of America (PhRMA) State One Of Its Major Policy Goals Is To Change The Inflation Reduction Act's Medicare Price Negotiation**

## Provision So Drugs Are Exempted Until They Have Been On The Market For 13 Years Before Becoming Eligible And To Prevent Further "Price Setting":

### Protect the United States from the harms of price setting

Protect patients, pharmacists and providers from the harms of price setting policies that undermine innovation and create new access barriers for American patients.

Fix the IRA's pill penalty to allow all medicines to compete for 13 years before eligibility for government price setting and prevent further expansion of price setting to maintain patient choice of medicines.

**Rep. Hudson Has Long Been An Ally Of Big Pharma And After Receiving “More Money From Pharma Than Any Other Member Of The House Of Representatives During The 2020 Election Cycle” And He Then Did The Industry’s Bidding By Trying To Block A Bill That Would Allow Medicare To Negotiate Drug Prices.** “Patients For Affordable Drugs Now announced the launch of a campaign calling out Rep. Richard Hudson (NC-08) for opposing Medicare negotiation bill H.R. 3, and

calling on him to support the legislation that would lower drug prices for Americans. The patient advocacy group also extended its existing grassroots campaign, in which patients will contact Reps. Deborah Ross (NC-02) and Kathy Manning (NC-06) to thank them for supporting the legislation. “Rep. Hudson has a choice — he can continue to do the bidding of Big Pharma, or he can stand with patients by supporting Medicare negotiation and H.R. 3,” said David Mitchell, a cancer patient and founder of Patients For Affordable Drugs Now. “Instead, he is attempting to block legislation that could save the lives of 94,000 Americans each year. As Therese Ball, a multiple sclerosis patient, says in the ad, ‘It’s unforgivable.’ Rep. Hudson can still do the right thing by endorsing H.R. 3, which will deliver the innovation we need at prices we can afford.” Rep. Hudson took more money from pharma than any other member of the House of Representatives during the 2020 election cycle. As a member of the House Energy and Commerce Health Subcommittee, he has taken many opportunities to attack H.R. 3.” [Patients For Affordable Drugs Now, [07/06/21](#)]

## Majority Whip Tom Emmer (R-MN)

**In The Second Quarter Of 2025, Majority Whip Tom Emmer's (R-MN) Campaign Committee Received More Than \$191,500 From Various Industry Groups, Including Companies In The Pharmaceuticals, Financial Services And Energy Industries Who Stand To Benefit From The One Big Betrayal**

**Rep. Emmer Mocked The Idea That The Bill Would Disproportionately Benefit Wealthy Taxpayers Saying: "The Huge Cuts For The Wealthy Actually Makes Me Smile Because, You Gotta Be Kidding Me".** "The huge tax cuts to the wealthy actually makes me smile because, you gotta be kidding me," Emmer said in an interview recorded for "At Issue with Tom Hauser" that will air at 10 a.m. Sunday. "We were only making [permanent] the tax policy that has been in place for the last seven years. So this argument, the tax cuts for the rich, that's seven years old." [[KSTP News, 07/11/25](#)]

- **Similarly, Rep. Emmer Also Dismissed The Congressional Budget Office Which Found The Bill Could Add \$3.3 Trillion To The Debt Over A Decade And He Repeated White House Talking Points, Saying "The Only People Who Will Lose Coverage Are Illegal Immigrants And Able-Bodied People."** "Emmer also has doubts about the report from the nonpartisan Congressional Budget Office (CBO), which says the budget bill could add \$3.3 trillion to the nation's debt over 10 years. "First off, this is the same thing the CBO did in 2017," Emmer said. "They said [the Tax Cuts and Jobs Act of 2017] bill was going to cost \$1.5 trillion. They were only \$1.5 trillion off." Emmer also casts doubt on a CBO estimate that 11.8 million Americans could lose Medicaid coverage, including 150,000 to 250,000 in Minnesota. He says the only people who will lose coverage are illegal immigrants and able-bodied people who refuse to comply with new work rules calling for 20 hours of work or volunteering to keep their coverage." [[KSTP News, 07/11/25](#)]
  - **However, Rep, Emmer Has Credibly Cited And Referred To The CBO On Several Occasions Since 2015:**

[X.com, Accessed 07/17/25]

**In 2023, Rep. Emmer Opposed Biden’s Infrastructure Bill And Advocated For Federal Spending Cuts - Despite Submitting \$47 Million For Projects In His Own District** “House Majority Whip Tom Emmer — who advocated for federal spending cuts just hours before the House passed its debt ceiling bill on April 26 — submitted 12 requests totaling \$47.6 million for highway and water treatment projects in Minnesota. “Oh, the horror of a congressman requesting funds for projects that directly impact his constituents instead of leaving it to unelected Washington bureaucrats to wastefully spend billions of their taxpayer dollars,” Samantha Bullock, Emmer’s communications director, said in response to a request from States Newsroom for comment on earmark requests. [...] Arrington, Boebert, Emmer and Weber were among the 200 Republicans and six Democrats in 2021 who opposed the Infrastructure Investment and Jobs Act that approved funding for roadways, bridges, dams, coastal restoration and other transportation projects.” [Minnesota Reformer, 05/11/23]
